

# Post 16 Option Blocks

## Hele's School 2019

The subjects below are all at level 3 (that is Advanced level) and are suitable for students who have already had significant success at GCSE. Students will need to have achieved 5 GCSEs at grade 5, with grade 5 in English and Maths, and the required entry grades for the specific subjects they wish to study at Advanced Level. Most advanced level students are expected to take 3 subjects, one from each of 3 different blocks.

**Self Supported Study:** Students who select SSS will be provided with a designated study space, and support staff will be available as necessary. Attendance will be compulsory at these sessions and students will be guided and encouraged to develop independent learning skills such as researching, working without direct teacher input, setting targets for self improvement and time management.

**Extended Project:** Students who select this will be high achieving and self motivated and this will be confirmed in September with an interview with Mr Stone.
