

Year 11-12 work for the week commencing the 22nd June

Good morning team,

I hope you are all well and missing your daily Drama intake.

I would like you this week to head to the following website link:

<http://ndresources.co.uk/events/politics-and-the-physical-theatre-body-kerry-frampton-artistic-director-of-splendid-in-discussion-with-wendy-frost-senior-teaching-fellow-university-of-warwick/>

This will take you to a live discussion at 4:00pm, which is free. The talk is from the lead director of Splendid theatre company Kerry Frampton. She will be looking at politics and physical theatre in relation to the world around us. In your very first module, you will be exploring with various devising methods, and this is a great way in which to gather some wonderful information, from one of the best directors out there at the moment.

Please take notes, create a spider diagram, or some revision cards from any KEY areas which they discuss on the show. Kerry Frampton is also one of the key lecturers at LIPA, which some of you may wish to apply for in the future.

Email any notes, discussion points which you take. Remember, you will have to listen LIVE at 4pm on the 24th to be able to access this weeks work

Best wishes

Mr Jones
