Key Psychological Studies

Use the following links to read the studies, most of which you will be learning about in your course (some are exam board specific).

For each of the five studies listed below summarise the following in 100-150 words:

- Background and Aim(s)
- Method (procedure and details of the sample)
- Results (this could be written or included on a graph – as long as you explain your graph)
- Conclusion(s)

This information is called 'AO1' – Knowledge and understanding of psychology. It is all about outlining, describing or explaining something. This may be describing a study, an explanation or a model.

This element of the question will begin.... AO1 = Describe, Identify, Outline etc.
