## HOW SHOULD I REVISE?

Make revision mind maps on each individual topic using your knowledge organisers or revision guides. Keep writing them out until you can do this from memory.

Make flash cards and then test your self or get someone else to test you.

Write key quotes on the 'post it' notes and stick them where you will look at them.

Use the check lists to see if you can answer the questions.

Complete the practical questions from the revision guides.
