

Welcome

I take great pleasure in welcoming you to Hele's School! We are a school with a tradition of academic excellence, high aspirations and a big heart.

Our mission is to support and challenge each individual, adult or child, to be the best they can be. We have a 'no excuses' philosophy based on growth mindset principles, which reinforces our belief that we can always improve, and that nothing is impossible.

I am extremely proud to lead a dedicated and enthusiastic team of staff who are passionate about working with young people and are committed to ensuring that those entrusted in our care get the best life chances possible. Everything we do is shaped by our determination to ensure that every child has a positive and memorable experience of school; that they thrive, flourish and, crucially, are happy.

Please do take the time to explore our website, Facebook and Twitter pages to find out more about us, and don't hesitate to contact us should you require any further information about our school. Better still, come and see us for yourself! We delight in showing people our school and rest assured that a very warm welcome awaits you.

We look forward to working with you in partnership in the future, and to welcoming you to Hele's School.

Justine Mason - Principal

A Passion for Learning

For over three hundred years, Hele's School has been associated with a tradition of educational excellence and personal achievement.

We are a dedicated and enthusiastic team who are passionate about education and are committed to creating the best possible life chances for the young people in our care.

Our teaching is driven by the belief that every child should have a happy and inspiring experience of school and we focus on continually developing our classroom practice to ensure that we deliver challenging and stimulating lessons.

...“Pupils’ spiritual, moral, social and cultural education is very strong. Students’ attitudes to learning reflect their high standards of behaviour, both within and outside the classroom”...

A Vibrant Curriculum

At Hele's your child will experience a dynamic, rigorous and modern curriculum which supports and challenges them to achieve their full potential, both in and out of the classroom. We offer a broad range of subjects and enrichment activities that encourage students to develop new skills and interests.

Our aim is to foster a growth mindset, a commitment to lifelong learning and a constant quest to improve. Recognising and celebrating effort, as well as achievement, is something we hold dear.

...“The academic life at Hele's is brilliant. I love the teachers I have and they are helping me on my way to a great job”...

Y10 HELE'S STUDENT

A Community of Individuals

We are a community with high expectations. Everyone at Hele's is proud to be associated with our school, and this shows - in positive attitudes, in an environment that promotes care and personal achievement, in extremely high standards of behaviour. These principles are based upon mutual respect and positive values.

Everybody is expected to show regard for others in their behaviour and in their appearance. Our students thrive in a supportive environment which enables them to learn and grow together.

...“Studying at Hele’s School has always meant learning about the wider world and becoming a global citizen”...

PARENT OF Y12 STUDENT

A Classroom Beyond the Classroom

A great education is not confined to the classroom. Hele's offers opportunities for students to develop their potential not only in traditional academic ways but also through discovering their ability in creative, technological, recreational and vocational areas too, and through recognising, nurturing and enhancing leadership.

Our staff ensure that we can offer a diverse range of extra-curricular activities such as Science Club, Cooking for Fun, Chess, Dance, Manga Drawing, Computer Programming, Public Speaking and the Cryptology Club.

... "The courses students follow are also complemented by a wide range of extra-curricular opportunities that broaden their interests and develop their employability skills..."
