How to apply

2025 Cycle

UCAS

# When to apply **2025** entry

\* 18.00 UK time

# Key facts

Start your application from  
**14 May 2024**

Universities and colleges **can't see** your other choices when you apply.

Apply by the **equal consideration date**.

**Five choices**, unless applying to study medicine, veterinary, medicine/science, dentistry – then it's **four choices**.

You **can't apply to both** Oxford and Cambridge.

Applying costs **£28.50**.

# Choosing the right **place** for you

- **Style** – from traditional, with a focus on subject-based courses and research, to modern universities/colleges, with a greater focus on vocational courses.
- **Location** – some are in large cities, others in small towns, by the coast or in the countryside – it's all a major influence on the environment and lifestyle.
- **Size** – larger universities can have more than 20,000 students, whereas some of the smallest have only a few thousand.
- **Culture and facilities** – influenced by a range of factors, including the diversity of students who attend.
- **What graduates do** – all universities collect destination statistics; it can be useful to find out what jobs or further study students go on to.
- **Tuition fees** – can vary between universities and colleges; check if there are scholarships or bursaries available.
- **Living costs** – accommodation, transport, and food can vary enormously.

# Choosing the right **course** for you

- What does the course cover?
- Courses with the same title may be very different.
- Look carefully at the core course content, and the range of optional studies/modules available.
- Which modules are the most interesting and relevant to your career aspirations?
- See if the course or university/college offers any internship, placement, or study abroad opportunities.
- How is the course taught – structured teaching, or more independent research?  
How many lectures are there, and how much group work will be done in seminars?
- How is the course assessed?

# Linking to a centre

- If you're applying with the help of a school, college or centre you should enter their 'buzzword' to link your application to them.
- The buzzword is a unique code set by your school, college or centre.
- By linking your application you're giving your school, college or centre permission to view and track your application.
- It also means they'll provide you with a reference and send your application to UCAS on your behalf.
