

Hele's School

A great place to learn. A great place to grow.

Commitment to Quality in Careers Education

Hele's School is committed to providing high-quality Careers Education, Information, Advice and Guidance (CEIAG) that inspires, informs and supports every student to achieve their full potential.

As part of this commitment, we are working towards and maintaining the **Quality in Careers Standard**, the nationally recognised quality award for careers education in schools and colleges.

We are dedicated to ensuring that all students have access to an inclusive, impartial and ambitious careers programme that prepares them for successful transitions into further education, higher education, apprenticeships, training and employment.

Through our careers programme, we commit to:

- Delivering a stable and effective careers programme that meets the **Gatsby Benchmarks** for good career guidance.
- Fulfilling all statutory requirements relating to careers education and provider encounters.
- Providing comprehensive and impartial Careers Education, Information, Advice and Guidance (CEIAG) to all students.
- Ensuring students have meaningful encounters with employers, workplaces, apprenticeship providers, further education colleges and universities.
- Supporting every student to develop the knowledge, skills, confidence and aspirations needed to make informed decisions about their future.
- Promoting equality of opportunity and raising aspirations for all learners, regardless of background or circumstance.
- Listening to and acting upon student voice to continuously improve our careers provision.
- Regularly evaluating the impact of our careers programme to ensure it meets the needs of our students and contributes positively to their future success.

We believe that excellent careers education is an essential part of every student's learning journey and plays a vital role in helping young people understand the opportunities available to them and make informed choices about their future pathways.
